---------------

**COMPOST FIELD FORM**  
**Conditions of Acceptance**

1. This document is deemed to automatically include the ASA Standard Terms and Conditions of Supply as notified to the parties from time and as set out on their website.
2. All samples submitted for analysis must be accompanied by a fully completed field form.
3. All compost samples must be indelibly labelled and all loose samples should be contained in strong plastic bags and sealed.
4. Any sample collected from the growing medium or soil improver shall comprise a minimum of 25 representative sub-samples taken from the whole of the material.
5. For physical and chemical analysis the larger the sample the better but where limiting factors dictate an absolute minimum is 1 litre.
6. All samples submitted must conform to the criteria set out in conditions 1 to 5 above.
